

PROGRESS REPORT ON PRIORITY DEFICIENCIES OF RESEARCH

Annex A

By SLC Subcommittee on

Industrial Machinery and Equipment

Gaps in Intelligence

Progress (New Research)

1. Critical Deficiencies

A. USSR

3. Petroleum Refinery Equipment
4. Selected Construction Equipment
8. Electric Power Machinery
11. Motor Vehicle Transportation
16. Indexes of Production of Producers Equipment
17. Evidence of Integration in the Machine Building Industries of the Bloc.

3. CIA/OSR Project No. 32.2363, Production of Petroleum Refining Equipment in the USSR.
4. CIA/OSR Project No. 32.2366, The Construction Equipment Industry of the USSR.
8. CIA/OSR Project 32.2364, Production of Large Gas, Steam and Hydroturbines in the Sino-Soviet Bloc.
11. EIR 26, USSR, Section 64, Manufacturing and Construction (Army).
16. CIA/OSR Project No. 34.2373, A Producers Equipment Index for the USSR.
17. CIA/OSR Project No. 34.2375, Evidence of Soviet Bloc Integration in the Production of Capital Equipment.

Gaps in Intelligence (Continued)

Progress (New Research) (Continued)

B. European Satellites

19. Metal working Equipment

23. Non-Military Tractors

26. Motor Vehicles

19. CIA/OSR Project No. 32.2362, Production of Metalcutting Machine Tools in the European Satellites

23. CIA/OSR Project No. 32.2365, The Motor Vehicle and Tractor Industries of the European Satellites.

26. HHS 13A, East Germany, Section G4, Manufacturing and Construction (Army).

HHS 19, Hungary, Section G4, Manufacturing and Construction (Army).

C. Communist China

31. Industrial Capital Formation in Communist China.

31. CIA/OSR Project No. 30.2043, Capital Investment in the Production Equipment Industry in Communist China.
